

## THE NEW SCHOOL MONTESSORI CENTER

### Summer 2018 Program Information

The New School's summer program is available to currently enrolled children (with the exception of the elementary summer program, which is open to alumni and siblings of current students), or for those enrolled for the fall of 2018. Our summer program will run for **nine weeks**, beginning on **June 18** and ending **August 17**.

Summer provides teachers with time essential for personal development, to refresh materials, and to plan the upcoming school year. Consequently, the summer program is staffed with a rotation of various teachers and assistants throughout the nine weeks.

Before and after-school care is also available during the summer. The school opens at 7:30am. However, unlike the regular school year, all programs close at 5:30pm during the summer.

### Infant, Toddler, and Children's House Summer Programs

Our summer program for younger children will be theme-based in addition to maintaining the Montessori lessons and work cycle.

The summer program includes enhancement activities such as in-house field trips, presenters, additional outdoor and theme-based activities, and, of course, fun water days!

#### Availability and Program Information

Because of high demand and the benefits of a full-time schedule, we first offer placement to families who enroll in a five-day summer schedule (either half or full day).

Once the open enrollment period ends, we will offer any remaining spaces to families requesting partial-week schedules (two, three, or four days).

#### Schedules

Unlike the regular school year, infant, toddler, and children's house enrollment for the **5-day program** is offered on a week-to-week basis with a **required minimum of 4 weeks**.

Families applying for a partial-week schedule are automatically signed up **for all 9-weeks of summer** and will be charged the stated program fee regardless of attendance. As mentioned above, part-time schedules will only be offered if there are remaining spaces after families applying for five-day schedules have been admitted.

#### Children's House Classroom Placement

We are currently planning on offering one Children's House Classroom for the summer. However, should we have need for a second class, student placement will be solely determined by administration based on demographics and can not be altered once our summer roster has been established. This will ensure that teachers can plan accordingly and minimize transitions and disruptions to our program.

## Elementary Summer Programs

The elementary summer program is composed of nine separate themed camps. Based on feedback from our prior camps, we will be offering some of our most popular themes in addition to a few new ones that are sure to engage our students.

### Availability and Program Information

Our elementary summer program is available to New School elementary aged students regardless of their current enrollment status. Prior, current, and future students are all welcome! We also extend this program to siblings of younger New School students regardless of if they've ever attended our school.

The camp themes are posted on the *Summer Program* page of our website. Please note that any changes in specific listed activities or projects will be replaced with alternatives of a similar content and scope.

### Schedules

Unlike the summer program for the younger children, parents enrolling their elementary aged child may enroll in one or more weeks. However, because the school commits to staffing and resources based on enrollment applications, parents will be required to pay for the total number of weeks initially recorded on their summer application regardless of attendance.

## Tuition Payments for all Summer Programs

The summer tuition is divided into three equal payments. The first payment of the summer tuition must be submitted with the summer application form and is **non-refundable**. The second payment is due **May 15**, and the final summer payment is due **June 15**.

Please note, summer invoices will overlap your fall invoices if you are on a 12-month payment plan for the regular academic school year. If you are concerned about this, please consider switching to a 10-month payment plan for your fall enrollment to minimize the overlap.

There are limited spaces available and enrollment will end when the classes are full. Applications received after the classes have been filled will be returned to the parents with any paid fees. To enroll in our summer program, or to indicate your child will not be attending, please return the enclosed form as soon as possible.
